## Host Family Frequently Asked Questions

What are we expected to provide the player as a host family?

Many players attend summer school during the day and/or work out prior to the games. Their needs are relatively simple: a private room, access to a bathroom and a laundry room, food for mealtimes, a place to park their car, and a family to encourage them and cheer them on.

We would like to host a player, but we are leaving town for vacation—is this a problem?

We find that some families like having someone in the home while they are gone to take care of the pets, check mail, etc. However, if you are not comfortable leaving them at the house while you are gone, we can seek temporary housing with another family.

Is it possible to request a certain player?

Yes—we will do our best to accommodate any and all requests but it is not always possible to honor all requests.

We have pets. Do the players have a problem with allergies?

Sometimes, and it is a question on their request form. Again, we will do our best to accommodate any such issues.

What happens if there is a problem with the placement?

The players appreciate host families' hospitality, and generally behave as guests in your home. If there is a minor problem, we ask that you contact the league who will try to resolve it with the player. If the problem is major, we will remove the player immediately. They should abide by any guidelines/rules you establish.
